## **"Take it Serious"**

Prayer & prayer Request are serious, whether making a request for or being asked too, prayer and or the request for, is a one on one invitation to go before the throne of God. Our Prayer life helps us to build upon a foundation of surrender and keeps us grounded in the need for & reliance on Christ. If we are praying & asking for God's help with & over the small things, God will keep us prepared for the big ones. Its that alone time with Jesus, pouring out our heart (even though He already knows) that He guides & directs, bringing us to one with Him. If we are truly seeking a walk with Christ, we must be listening for His direction, "Prayer"!

## **Hand-N-Hand**

Staying connected so to speak; as our prayer life is open communication for God's guidance, the Holy Bible provides the direction, that we understand the guidance. If we're trying to use one without the other, the connection will be broken, taking us out of the center of God's will. If we're to know God & His ways, the two must go hand-n-hand, our prayer life & the reading/studying of God's word.

## **Seeing 2020**

With all the goings on around us these days, there is even a greater need & call for men to take on the leadership role God intends, being a Christian leader in all walks of life. Together, as brothers in Christ, through prayer, encouragement, and support we can and will continue building upon the Christian foundation, impacting 2020 and beyond.
